REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The device structure as set forth in the claims is not taught or suggested in the prior art, including more specifically the light emitting diode having metallized bottom surface, mounted on a mounting pad, and having the relationship to the interconnecting element and conductive connecting pad as set forth in claim 1.

The references cited on form PTO 892 are similar in some ways to references already of record, showing LEDs having interconnecting elements extending through the underlying substrate to contact back surface electrodes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to S. Crane, whose telephone number is (571) 272-1652.

The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
